It is seen that the area of Kansas is nineteen thousand square miles greater than that of all New England, New York, and New Jersey; and that the area of Nebraska is ninety-five theusand miles greater than that of all the non slaveholding clates except California. Oregon is nearly equal in extent to all New England, New York, Pennsylvania, Ohio, and Indiana. It is possible that New Moxico and Mesilla will be embraced in one territorial organization by Congress at the present session, containing 288,000 square miles—exceeding als New England, New York, Pennsylvania, Johio, Indiana, and Illinois. Washington exceeds in extent all New England and New York.
